**MAY 2023** **P/ID 78003/RMBS2**

Time : Three hours Maximum : 80 marks

PART A — (10 × 2 = 20 marks)

Answer any TEN questions in 50 words each.

1. List the steps in decision-making.

2. Write any four applications of DSS.

3. Write short note on simulation model.

4. State model packages.

5. What do you meant by integration in model management.

6. Define Database.

7. What is Primitive Data Structures.

8. State the purpose of query facility.

9. What do you meant by data acquisition?

10. Model acquisition.

11. Write short note on validation in development of DSS.

12. What is a software?

PART B — ($5 \times 6 = 30$ marks)

Answer any FIVE questions in 250 words each.

13. Discuss the types of decision in DSS:

14. Explain the applications of DSS.

15. Why do we use modeling language?

16. Discuss the importance of data directory.

17. Explain about multimedia decision support system.

18. Describe the steps in modeling process.

19. Elaborate the process in dialog development.

PART C — ($3 \times 10 = 30$ marks)

Answer any THREE questions in 500 words each.

20. Discuss the components of DSS.

21. Explain the integration and command processing in model management.

22. Describe the characteristics and users of data management system.

23. Explain visual interacting model with suitable example.

24. Discuss the development process in DSS.
